DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The reply filed on 6-27-08 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicants' reply is not fully responsive to the Office action mailed 6-2-08 because (i.) a single species of 1.) diatomic/multiatomic bridge material has not been elected for examination & a single species of 2.) atoms/materials connected by the diatomic/multiatomic bridge material has not been elected for examination. {One specific species of bridge material **and** one specific species of connected atoms/materials needs to be selected for examination} & (ii.) applicants have not identified the claims that encompass the elected invention for each species elected {Upon identifying which specific diatomic/multiatomic bridge material from group 1.) is elected for examination, applicants need to also identify which claims encompass this elected species, and upon identifying which specific connected atom/material from group 2.) is elected for examination, applicants need to also identify which claims encompass this elected species}. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John Cooney whose telephone number is 571-272-1070. The examiner can normally be reached on M-F from 9 to 6.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, James Seidleck, can be reached on 571-272-1078. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
